OUR PAEDIATRIC INTRO SYLLABUS

COURSE 'A' INCLUDES

- Resuscitation procedures (CPR) for a Baby.
- Resuscitation procedures (CPR) for a Child.
- Recovery position for a Baby.
- Recovery position for a Child.
- Responding appropriately to a choking Child or baby.

COURSE 'B' INCLUDES

- Recognising and responding appropriately to bleeding.
- Responding appropriately to burns and scalds.
- Responding appropriately to suspected fractures.
- Responding appropriately to head, neck and back injuries.
- Responding appropriately to eye injuries.

These 2 hour intro courses are the only courses we offer that can be carried out in your own home. We can also tailor a course to include any other concerns you may have or combine both the above courses into one for a longer session but at a reduced rate.
